

# Qualitative Inquiry (QUAL)

EDLE 65503 Advanced Qualitative Methods in Educational Research

Total Hours

9

The Graduate Microcertificate in Qualitative Inquiry is an interdisciplinary credential designed to prepare graduate students to conduct qualitative inquiries. Upon finishing the certificate students will understand the perspectives, principles, and methodologies guiding qualitative inquiries. Students will also be able to develop and implement qualitative research projects. This credential is administered by an advisory committee comprised of UA Public Policy Ph.D. program core faculty and related interdisciplinary faculty across the University of Arkansas campus.

## Graduate Microcertificate in Qualitative Inquiry

### Program Description:

The Graduate Microcertificate in Qualitative Inquiry is an interdisciplinary credential designed to prepare graduate students to conduct qualitative inquiries. Upon finishing the certificate students will understand the perspectives, principles, and methodologies guiding qualitative inquiries. Students will also be able to develop and implement qualitative research projects. This credential is administered by an advisory committee comprised of UA Public Policy Ph.D. program core faculty and related interdisciplinary faculty across the University of Arkansas campus.

### Admission to the Microcertificate:

Students must meet the Graduate School and International Education admission requirements for non-degree students.
