

Scholarships

The Academic Scholarship Office is a part of Enrollment Services and is housed in Silas Hunt Hall, Room 114.

The Academic Scholarship Office awards over 4,000 scholarships totaling more than \$12 million for students each year. This total does not include funds that support external scholarships held by UA students such as Governor's Scholarships, Arkansas Academic Challenge Scholarships, or non-resident tuition waivers. Scholarships funded by the university fall into three broad categories: prestigious fellowships, academic scholarships, and special interest/skills scholarships. Interested students should consult the Academic Scholarships Office (<http://scholarships.uark.edu/>) website for the most up-to-date information.
