

Enrollment Status and Course Load

semester basis as full-time with the approval of the student's dean and the documented concurrence of a physician or licensed examiner.

The enrollment status of undergraduate students is based on the number of hours enrolled in a semester or the summer term. The university recognizes full-time status as carrying a minimum of 12 credit hours in any semester (fall and spring) or the summer term. The summer term is inclusive of May Intersession, five-, eight-, and ten-week summer sessions. Students should be aware that the minimum number of hours during the fall and spring semesters is insufficient for completion of a four-year degree program in eight academic semesters (four years). Since most university degree programs require a minimum of 120 credit hours, or 30 hours per year, a student should earn 15 hours per semester to complete most degree programs in four years (eight semesters). The university offers degree-completion plans; see the Office of the Registrar's website (<http://registrar.uark.edu/425.php>) or the Academic Regulations (<http://catalog.uark.edu/undergraduatecatalog/academicregulations/eightsemesterdegreecompletionpolicy/>) section of this catalog.

The chart below shows the enrollment status for each semester or summer term, based on hours enrolled.

| Fall, Spring, Summer | 1-5 | Less than half-time |
| | 6-8 | Half-time |
